Legend: End User License Agreement Arbitration Opt Out

Dear Epic Games, Inc,

I do not wish to resolve disputes with Epic through arbitration, as per ~"12.6 Your 30-Day Right to Opt Out." This is the exercise of the right to opt-out of and not be bound by arbitration provisions. My details are:

- Game: _____
- Account Name: _____
- Your Name: _____
- Mailing Address: _____

_____ §1 By initializing this line, I exercise the right to opt out of and not be bound by the ~"12.4 Class Action Waiver" provisions.

_____ §2 By initializing this line, I do not waive the privilege of arbitration. The exercise of arbitration does not limit the right (and exercise) to dispute resolution by other methods at any time. (Arbitration voluntary and its decisions are not binding)

_____ §3 By initializing this line, this notice acts as the exercise of the right to opt out of indicated provisions (per ~12.6) in all future EULA changes/updates and agreements as well. This notice shall survive any and all re-agreements and shall act as notice (at acceptance) of the exercise of the right to opt out of indicated (or similar) provisions in all future re-agreements until revoked in writing.

_____ §4 By initializing this line, the (~"12.3.2 Arbitration Procedure") Choice (of Law) is "Law of Peace" and only "Law of Peace", including, but not limited to, Wake County, North Carolina, US Courts, and arbitration; unless otherwise consented to.

I wish to be able to decide methods of dispute resolution in each instance without being forced into Binding Individual Arbitration. I recognize and affirm that Informal Resolution, then small-claims court and arbitration, and, finally, judicial hearings typically are the least costly options for all parties, in that order.

Sincerely,
